The 10 best reasons to break

1 Location

Geographically positioned in an ideal location to break long haul and mid haul travel, Abu Dhabi presents the best opportunity to international travelers to sample Arabian culture and leisure activities all year round, whilst enjoying the comfort of high standard international accommodation.

2 Climate & Weather

Year-round sunshine, blue skies and warm conditions make a visit to the emirate a true pleasure. Rainfall is rare, and temperatures range from around 25C on a winter day, to a high of around 42C on a summer's day. Since all public and private establishments are equipped with air-conditioning, even the summer months are pleasurable for a visit.

3 Safety & Security

Having been named the Middle East's safest city*, Abu Dhabi is considered one of the safest places for visitors. Tourists are rarely, if ever involved in crimes. Whether you are travelling with children, as a group or by yourself, expect to move freely in public.

4 Stunning Nature

As the largest emirate of the UAE, Abu Dhabi has it all – crystal clear waters at pristine beaches and more than 200 islands, mangrove forests, oases and one of the largest deserts in the world. Explore the local eco-systems in the mangroves, tour around the islands, join a desert experience or explore true Emirati culture and history in the garden city of Al Ain. In the city, visit the seaside promenade – the Corniche – which runs the length of the city, providing a great vantage point to enjoy Abu Dhabi's striking modern skyline.

5 Cultural Treasures

For those interested in true Arabic culture and history, Abu Dhabi is the perfect choice: the majestic Sheikh Zayed Grand Mosque, learn about the history of the emirate in the numerous museums, fortresses and archeological sites and feel the vibe of a true modern city in the Arab world. The oasis city Al Ain was declared a UNESCO World Heritage site with its ancient forts, museums, traditional souk, an ancient farm oasis and the UAE's only remaining camel market.

6 Activities and Things to Do

With such variety of nature and attractions, Abu Dhabi has so much to offer to visitors. For a short stay try a desert safari, a city tour, a visit to the mosque and the heritage sites, or discover the future of Saadiyat Island when visiting the cultural centre Manarat Al Saadiyat, showcasing the birth of Le Louvre Abu Dhabi and the Guggenheim Museum.

7 Value for Money

Still considered as a relatively unknown tourism destination, Abu Dhabi will surprise any visitor with its large variety of top 3, 4 and 5-stars accommodation options at very affordable rates. Enjoy the tranquility of the emirate in full luxury whilst having a wide choice of competitively priced activities.

8 Sustainable Tourism Development

In Abu Dhabi, sustainability is reflected by diverse projects such as wildlife nature reserves, millions of plants and trees, a protected mangrove forest close to the city, turtles nesting at Saadiyat Island, and preserving the once almost extinct Arabian Oryxes. Spot dolphins in their natural environment, watch wildlife on Sir Baniyas Island, explore the untouched desert and discover the oasis city of Al Ain. Visit Masdar City, the first sustainable city in the world which will be completely powered by renewable energy.

9 Speed of Life

Abu Dhabi's easygoing lifestyle has always been attractive for visitors. Despite looking like a metropolis, Abu Dhabi has preserved its local traditions, where you set your own pace. Relax on the pristine beaches, and head out to the desert. For the active visitor, enjoy the fun filled activities on Yas Island, be it racing on the Formula 1 course or getting an adrenaline rush at Ferrari World Abu Dhabi.

10 Unique Blend of Cultures & Lifestyles

Abu Dhabi's culture is firmly rooted in its strong local heritage, and the combination of international influences has created a shining example of Islam's true commitment to tolerance and hospitality. In Abu Dhabi, Non-Muslims can consume pork in certain restaurants and hotel outlets serve alcohol. These are complemented by many superb unlicensed outlets across the emirate.

Destination Abu Dhabi

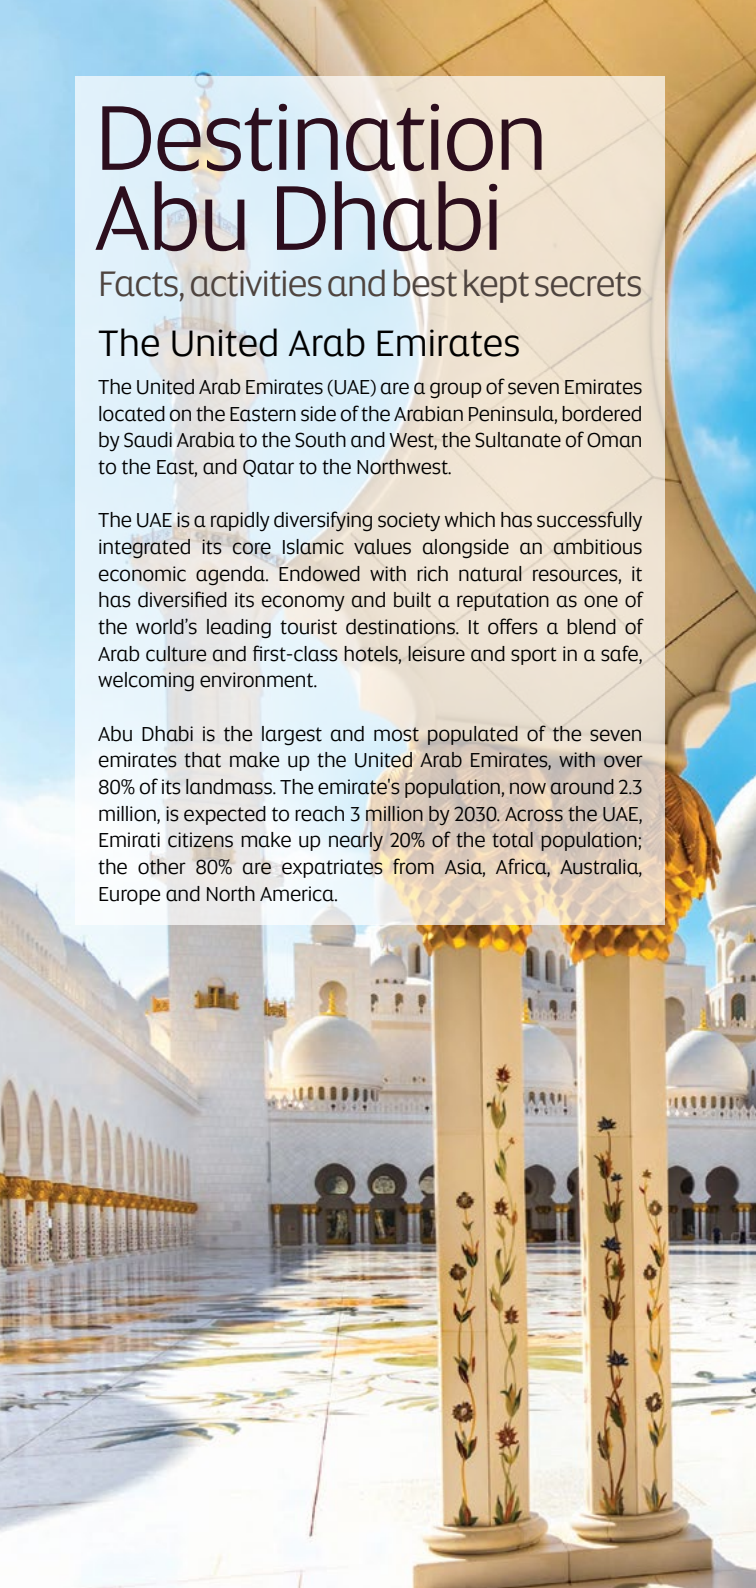

Facts, activities and best kept secrets

The United Arab Emirates

The United Arab Emirates (UAE) are a group of seven Emirates located on the Eastern side of the Arabian Peninsula, bordered by Saudi Arabia to the South and West, the Sultanate of Oman to the East, and Qatar to the Northwest.

The UAE is a rapidly diversifying society which has successfully integrated its core Islamic values alongside an ambitious economic agenda. Endowed with rich natural resources, it has diversified its economy and built a reputation as one of the world's leading tourist destinations. It offers a blend of Arab culture and first-class hotels, leisure and sport in a safe, welcoming environment.

Abu Dhabi is the largest and most populated of the seven emirates that make up the United Arab Emirates, with over 80% of its landmass. The emirate's population, now around 2.3 million, is expected to reach 3 million by 2030. Across the UAE, Emirati citizens make up nearly 20% of the total population; the other 80% are expatriates from Asia, Africa, Australia, Europe and North America.

Destination Abu Dhabi

Welcome to Abu Dhabi

The cultural heritage of Abu Dhabi

The first impression of the island city of Abu Dhabi, whether viewed from the air on approach to the international airport, or driving along the impeccably maintained Corniche, is of a thoroughly modern Arabic city, with gleaming skyscrapers and beautifully landscaped gardens. But behind this modern facade of city life stand the traditions and rich heritage of its past, which act as the foundation and bedrock of the emirate and steadfastly forms its path into the future.

For the capital city of the UAE, much has changed from the hard nomadic existence of the Bedouins once populating this land to the comfortable affluence of today. An ever constant though is the generosity of spirit embodied by the people. It flows through the blood of every citizen of Abu Dhabi to this day, and enables us to hold dear that traditional Bedouin promise: Travelers Welcome.

Yas Island – the leisure & entertainment destination

Some 30 km from the main capital island, and just 10 minutes from Abu Dhabi International Airport, Yas Island has established itself as a major new entertainment and leisure attraction. The island gained its fame with the inaugural Formula 1™ Etihad Airways Abu Dhabi Grand Prix 2009, followed by some 10 million spectators all over the world. Today, it has become a leisure and entertainment destination featuring world-class concerts, hotels, restaurants and leisure activities:

- **Yas Marina Circuit**
- **Yas Waterworld**
- **Outdoor Concerts**
- **Yas Mall**
- **Ferrari World Abu Dhabi**
- **Yas Links Golf Club**
- **Yas Marina Restaurants**

Saadiyat – one island, many masterpieces

Saadiyat is a 27 square kilometre island that offers a multitude of experiences for residents, visitors and guests. Saadiyat's developments have been built around natural beauty, cultural experiences and architectural splendours. Its sparkling turquoise waters, rich wildlife and nature along with its pristine beaches, international cultural institutions, premier hotels and residences, world class educational offerings and exhilarating beachfront golf course have made Saadiyat the destination of choice for discerning visitors and residents. Discover Saadiyat today!

Al Ain

The second largest city of the emirate after Abu Dhabi, Al Ain, offers a complete change of pace from the capital, although only a two hours' drive away. Known as the "Garden City" of the UAE, Al Ain is spread over a large area without the skyscrapers found elsewhere in the country. The relaxed ambiance, green landscapes, a breathtaking palm tree oasis, leisure attractions and rich heritage have made it a popular weekend destination for Emirati families.

Useful Information

Behaviour - rules on alcohol and drugs

Abu Dhabi and the UAE are moderate and progressive Muslim states and many non-Muslim beliefs and ways of life are tolerated and accepted. However, there are some strict rules which every visitor should be aware of. Any overt public display of affection between adults is inappropriate; this applies to visitors as well as locals. Hand-holding and kissing are not permitted and can cause offence to locals who are entitled to register complaints.

Drunkenness is an extremely serious offence in the UAE and Abu Dhabi and there is a zero tolerance policy for drunk-driving. Drug possession and trafficking are treated similarly with culprits receiving harsh penalties. There is no such thing as personal use - drugs are not tolerated.

During the Holy Month of Ramadan, visitors are expected to refrain from eating, drinking and smoking in public places during daylight hours. Hotels cater to non-Muslim guests by opening restaurants that are not exposed to public view.

Business hours

Shops are generally open daily, but hours are restricted on Friday, the holy day. Most shopping malls are open 10.00am to 10.00pm from Saturday to Wednesday, 10.00am to 11.00pm on Thursday, and usually from 2.00pm to 10.00pm or 11.00pm on Friday. Food outlets usually stay open until 1.00am. Shops outside malls usually close for lunch between 2.00pm and 4.00pm and stay open late

in the evening until 9.00 or 10.00pm. Shopping rush hour can often be at midnight, especially in the heat of summer

Currency

The official currency of the United Arab Emirates is the dirham (abbreviated to Dhs or AED), with each dirham divided into 100 fils. USD \$1 equals 3.673 AED. Banks and money exchange bureaus can be found throughout Abu Dhabi, the latter located in most shopping malls and key locations. All major hotels will also readily exchange currency for guests. If you are carrying cash of more than Dhs 40,000 or its equivalent in foreign currency, you must declare it to airport customs control on entry.

MasterCard, Visa, American Express and Diners Club are all widely accepted in the United Arab Emirates, as are traveller's cheques. Visitors are advised to carry travellers' cheques in US dollar, UK pounds sterling, or Euros.

Dress code

Abu Dhabi is a traditional place in many ways – that's part of its charm – so dress is important. Visitors should dress modestly, even when it's hot. All beachwear should be restricted to within hotel grounds or the Municipality-run Corniche public beach. Women should cover their shoulders and knees. By all means wear a light sleeveless top, but take a wrap to cover up. When visiting the Sheikh Zayed Grand Mosque, please take careful note of the dress code. Women are expected to wear clothes that

fully cover legs and arms and will be given a shayla (headscarf) and an abaya (a long black robe) to wear over their clothes. Men should wear full-length trousers and a long sleeve shirt. Entry will not be permitted to those wearing unsuitable clothing.

Driving

Abu Dhabi has been described as the 'United Nations of Driving' due to the large number of nationalities living here - all of which have their own style and rules. Use your mirrors, signal early and pay attention to the speed limit and to those around you. Despite Abu Dhabi's close allegiance to Great Britain, it follows the US practice of driving on the right. The speed limit is usually 60kmh in the city and towns, 80kmh on the outskirts and either 100kph or 120kph on the highway. Speed and red-light cameras are prevalent and fines can be hefty. If you are involved in an accident – no matter how small – stop and either call the police or wait for them to arrive; they will help with the necessary paperwork. Always give your car a full check-up before heading into the desert or off-road – and remember to take a list of emergency numbers, plenty of water, some dry food provisions and a basic medical kit.

Duty Free

The UAE allows non-Muslim travelers arriving in Abu Dhabi to buy up to two liters of spirits and two liters of wine per person. You can also buy perfume in reasonable quantities and up to 2,000 cigarettes, two kilos of cigars or tobacco.

Emergency numbers

Abu Dhabi is blessed with a very low crime rate and almost zero violent crime. Abu Dhabi Police has highly efficient law enforcement and emergency procedures in place, and officers are courteous and helpful.

For emergencies, call the following toll-free numbers:

998 Ambulance services

999 Police

997 Fire

999 Helicopter Service

Getting around: bus

Abu Dhabi city has a fleet of new air-conditioned buses running from Marina Mall through the centre of the city to the eastern end of town (Tourist Club area and Abu Dhabi Mall) and out towards the airport.

Getting around: car hire

Visitors can rent and drive cars in Abu Dhabi but only with a valid credit card and international driving license (your national driving license is not enough). Check before making payment that the company's insurance policy covers you as a non-UAE resident. All major car rental companies are represented as well as a number of local firms.

Getting around: taxis

Dial 600535353 to book a taxi or you can stand on the street from the street, you'll be able to catch one of the fleet of new air-conditioned silver taxis. All silver taxis are regulated and have working meters. A cross-city trip in the afternoon should cost between 15 and 25Dhs. (USD 4 to USD 7) Tips are not expected but are always welcomed. White and gold taxis have meters too but sometimes drivers like to fix a price. Please note that the "Airport Taxis" from Abu Dhabi International Airport charge a starting fee of 25 AED.

If you catch a taxi from the hotel, you might find that it is a private taxi and a more up-market car such as a Mercedes, for which you will pay a little more.

Health

No health certificate or special immunization is required when arriving in Abu Dhabi (unless you have visited a country infected by cholera or yellow fever within 14 days prior to arrival). The quality of healthcare in Abu Dhabi is generally very high and visitors should have no problem obtaining appropriate treatment and advice either in a private clinic or, in case of an emergency, in a government hospital. Common medications and health products are available from local pharmacies, often without prescription.

Telecommunications

Visitors can get connected with a temporary SIM card on a pay-as-you-go basis. Look for an Etisalat or du outlet in major malls or supermarkets. Both sell pre-paid cards.

Time difference

Winter: GMT + 4 hours

Summer: GMT + 3 hours

Tipping

Hotel restaurants add 16 per cent service charge to the menu tariff which is incorporated into the customer's bill. An additional 10 per cent tip will be greatly appreciated by the very hospitable staff but this is optional. Some non-hotel restaurants may include service in the price and this information will be indicated on the menu. If not, 10 per cent is adequate. Taxi drivers do not expect a tip, but will be grateful for any change.

Water and electricity

The electricity supply in Abu Dhabi is 220/240 volts at 50 Hz. British-style square, three-pin sockets are standard. Most hotels can supply adapters but visitors should bring one just in case. Tap water is perfectly safe to drink in Abu Dhabi, but if you prefer the taste of bottled water, locally bottled mineral water is readily available in supermarkets and grocery stores everywhere.
